

COUNCILMEN PASS UNANIMOUSLY LOCAL ORDINANCE CALLING FOR BALLOT ON CIVIC IMPROVEMENT

COUNCIL ACTION ON REPORT OF HEALTH BOARD

Construction And Electric Ordinances For City Are Discussed

After hearing reports from the local Board of Health, the Daly City Council took action on two matters of public welfare at the meeting held Monday evening of this week.

One report registered a complaint of unsanitary conditions of a house trailer parked at 6745 Mission street. It was alleged that one of five dogs kept by the trailer family had bitten a local resident. The council instructed the chief of police to order the trailer to move out of Daly City.

A second report from the health department described unsanitary conditions which existed at the Golden West Auto Camp on Mission street. The city clerk was instructed to communicate with Mr. Haskins, the proprietor, asking him to appear before the board to explain why he had not made alterations on his property as he had proposed to do some time ago in order to bring the buildings up to requirements of state housing rulings. The council indicated that condemnation procedure would be taken if Haskins did not appear.

BAND SHOW

In order to raise funds to finance the Daly City Band, a communication was received from the musicians asking that a permit be granted the Foley and Burke shows to set up a carnival here from July 7 to 10. Foley and Burke agreed to pay 10 per cent of their gross take to the band for sponsoring the show here.

BAY MEADOWS TO SPEED ACTION FOR HANDICAP

Large Crowd In Attendance On Opening Day Portends Successful Meeting

Bay Meadows is off to its greatest season. The record breaking opening, Saturday of last week, left little doubt as to the veracity of this statement. The natty peninsula race course swung into its first full week Tuesday with new records for speed, attendance, mutual play and the general class of the sport almost certain to fall before the meeting closes May 29.

Following the California Breeders Handicap, Tuesday, two other major stake events were scheduled for the week. The \$1,500 Oakland Handicap brought out the leading sprint stars of the track Friday, while the route aces are tuning up to battle for the \$5,000 purse in the Bay Meadows Fashion Stakes tomorrow, Saturday.

The Fashion Stakes is at one mile and likely will bring together such horses as Boxhorn, Valliant Fox, Best Bid, Sarada, Sobriety, Exotude, Invermark, Asyouwere, Watersplash, War Glory and Marv, with a possibility of Seabiscuit going to the post.

Boxhorn, one-time favorite for the Kentucky Derby, has definitely succeeded in his comeback attempt. The Janss Brothers' speedy son of Blue Larkspur convinced one and all last Saturday that he is now ready to meet the best.

Best Bid, another victor Saturday, must be rated as one of the leading distance aces of the track. Making her first start following a rest, Best Bid came from far back to win the San Carlos in the fast time of 1:44 3-5 for the mile and a sixteenth. Exotude, formerly Blue Boot, was obviously in need of Saturday's race and no doubt will give a better account of herself in this week's feature.

With this excellent array of fit and speedy horses facing the barrier the track record for the mile, 1:36, will be in danger.

Imperative Need Felt Here For Development And Im- provement Of Community Facilities

With unanimous enthusiasm Daly City councilmen passed an ordinance Monday evening calling for a bond election to be held May 25 to finance six major civic improvement projects.

Perhaps the most important, and certainly one of the most needed improvements suggested, is a new city hall. Visitors to any city or town form their first impressions of a new place by its government set-up. The city hall should always reflect the spirit and progress of a community.

The Daly City hall is far from being an adequate representation of the city as a whole. The building, which stands on Wellington avenue, was erected in 1911. It is antique and the administrations of government have long since outgrown its space.

The jail, housed in the basement of this building, is declared unsanitary, and the entire structure has been suggested as a fire hazard by local officials.

SYSTEM EXTENSION

Two other projects which also have to do with the efficiency of the operative phases of the city are the fire alarm system and the water system. It is proposed to further de-

Film Tests For Six 'Swing Parade' Cast

When "Swing Parade," the dazzling musical revue now playing at the Alcazar in San Francisco, was exposed to the view of an eager public it attracted attention of Hollywood film studio scouts. Six actors were selected by Twentieth Century-Fox studios for film tests.

Among those selected were Marjory Kamoku, pictured above, who leads the Hawaiian sequence in the big musical. Miss Kamoku has been pronounced without a peer in native dances of the Hawaiians. She learned them all in the islands. She

BEAUTY AND PROGRESS

Miss Clarice (Babs) Barbier calls personally, Paul Revere style, on Mayor Paul G. Selmi at the city hall to ask his support for the Daly City Golden Gate Bridge Fiesta Queen Contest. The mayor promised whole hearted support to the queens and to the local celebration, then retaliated by asking Miss Barbier and all queen candidates and their friends to support the current bond issue movement for civic improvements.

The opening of the Golden Gate Bridge is a milestone in the progress of the Pacific Coast area. Daly City must keep pace with rapid developments of the surrounding territory.

For civic improvement, for community welfare, for PROGRESS, Daly City must build a new city hall, a new library, open a park and playground and extend the municipal water and fire alarm systems into the newly annexed Colma district.

'SWING PARADE' SCHOOLS WEEK SETS NEW HIGH PROGRAM HELD FOR PROJECTS AT JEFFERSON

Four of its many catchy new tunes are being played in practically every first class San Francisco dining and dancing establishment having a band

Sales Tax Returns Better \$81,000,000

Actual income to the state from the 3 per cent sales tax during 1936 amounted to \$81,478,533.05, according to a final check made by the State Board of Equalization.

Complete figures for the last quarter of the calendar year showed an income for the period totaling \$22,980,421, or almost a quarter of a million dollars more than had been anticipated by sales tax officials. The income for the year brought the total revenue derived from the sales tax since 1933 up to \$223,870,036, it was announced.

The unexpected heavy revenue during the fourth quarter of 1936 represented a continuation of steady gain in sales tax return which started immediately after food stuffs were exempt late in 1935.

Returns for the last quarter of 1936 represented an increase of 21.88 per cent over the same period of the preceding year and a gain of 9.86 per cent over the third quarter of 1936.

Income from the San Francisco-San Mateo administrative district was \$3,908,452.25.

TEN FIESTA QUEEN CANDIDATES ALREADY ON WAY TO HONORS OF ROYALTY DURING CELEBRATION

Daly City Stores And Clubs Sponsor Entrees For Contest

Ten attractive young ladies of Daly City and vicinity have already entered the queen contest sponsored as one of the main features of the Daly City Golden Gate Bridge Fiesta celebration. The queen, whoever the fortunate girl may be, will be gloriously honored in Daly City during fiesta week.

Daly City is going "Little Italy" for the celebration and residents will dress in a typical Italian manner during fiesta week. There will be street dances and singing. On June 1 a gigantic midnight show will be held at the Daly City Theater. At this time the queen will be presented with a golden crown; all the entrees will be on the stage as well.

The coveted crown will go to the local girl who acquires the largest number of queen votes. These votes are obtained in two manners. Each queen entree and her sponsors sell tickets to the midnight show. This show will include regular movie features of excellent entertainment type, drawing for a door prize, a de luxe radio and the coronation of the queen herself. For each theater ticket sold the queen entree receives 200 votes. All loyal local merchants will have in their stores script tickets to be given free with every

MARINE BALLAD SUNG BY CORPS AROUND WORLD

Story Of Sea Soldier Song Carries 75 Year History "Thunder In Paradise"

All around the world the United States Marines have sung their famous hymn, "From the Halls of Montezuma," which harks back to their invasion of Mexico City in September, 1847, near the close of the Mexican War. Elated with the victory of American arms over the Mexicans, an officer sat down in the Aztec Club and scribbled the first verse of the popular sea soldier ballad.

Thus the Marines account for the beginning of the sprightly hymn which has become a bulwark of their esprit de corps. Later the song grew by leaps and bounds, adding verse after verse until a half score of stanzas and versions were known to the Leathernecks.

It was only in recent years that the sea soldiers began to take stock of their hymn and to search for its origin. They found the music in an old French opera, "Genevieve de Brabant," but the verse appeared to be the work of several unknown authors.

Then a deliberate pruning was made of the verses and many of them were discarded as inappropriate to the spirit and traditions of the place of its origin and end with

COUNCILMEN IN FULL SUPPORT OF CITY BONDS

Imperative Need Felt Here For Development And Improvement Of Community Facilities

(Continued from page 1)

The matter was laid over till the velop both of these systems under the new improvement plan.

Engineers claim that the extension of the city municipal water system into the recently annexed Colma district will give improved efficiency to that locality and will pay for itself through water sales. Daly City has one of the finest water supplies in the country. Its progressive citizens can readily see the advantage in utilizing this gift of nature.

An adequate fire alarm system in the southern portion of this city has long been a recognized community need. If this project were completed fire insurance rates in that locality would automatically be decreased.

LEISURE TIME

Community leisure time problems have increased in recent years in all parts of the United States. Progressive communities have been bending all efforts to meet the public demand for adequate cultural life. As in the matter of a representative city hall, Daly City lags in the provision of these facilities in comparison with its size and business activity.

The present Daly City library, located at 6351 Mission, is seriously handicapped by lack of space. Five thousand volumes of fiction and reference, a collection of 5000 visual education pictures and hundreds of pamphlets and periodicals are crowded into space originally intended to accommodate half that number. Variety and number of library services are now denied this community which needs them badly. In a larger building these services could be easily handled. A brief visit to the library will convince any citizen of the cramped library facilities of this community.

CHILD WELFARE

Child welfare is the most important obligation of a community. From the rank and file of local children must come the leaders and business men of Daly City of tomorrow. With two such heavily traveled streets as Mission and San Jose avenue, adequate playgrounds and parks

for the local children is more than essential—it is obligatory.

Included in the current civic improvement project is a \$15,000 quarter-block playground to be developed at a central location in the Crocker Tract. This playground would service more than a thousand youngsters. Swings, slides, and boxes and other playground equipment will make children prefer the playground to the street. This will save numbers of important young lives for the community. Daly City people know the necessity of keeping children off the streets and that life is a dear price to pay for civic negligence.

USE THE GIFT

Daly City has received a wonderful park site as a gift—the territory lying between North and South Park avenues in the Vista Grande Tract. Little has been done to utilize this valuable site. Now, however, the dream of progressive Daly City pioneers, the development of a beautiful recreational park, is about to be realized. A fine park is a source of pride and joy to every citizen of a community. It is, moreover, a needed thing—both for the happiness of local residents and for an attraction to prospective new home builders.

All six of the proposed improve-

other across Mission street near Milo's Market.

In sequence with the street widening work, the water department will install a new California type hydrant at the southwestern corner of Hillcrest and Mission. This modern push valve plug has several improved features. The same model has been put in on Mission street and San Jose avenues and as old plugs throughout the city have to be replaced the new models will be installed.

As soon as work is completed on Hillcrest drive the city will purchase and set up a new public drinking fountain near the location of the old fountain at the top of the hill.

ments are indisputable needs of this community. On May 25 progressive citizens will have their opportunity to make Daly City one of the finest of the peninsula communities. Daly City will be a place where many people will want to build homes.

The happy couple are now honeymooning in the south.

Damage to the battery may result if the generator charging rate is too high. An excessive charging rate has a tendency to cause buckling of battery plates.

The Market Street Railway "big hook" and a crew of twenty-five men have been at work for the past week relocating street car tracks on the upper portion of San Jose avenue to a position approximately ten feet east of the old line.

Work included the laying of a new rock roadbed and the resetting of ties.

'SWING PARADE' SETS NEW HIGH FOR PROJECTS

and the major networks are sending the music through the air nightly.

Each night sees a long queue in front of the theater awaiting a chance to buy tickets and each night has seen a capacity audience.

Advance sales keep at a record high up to this point with all indications for a prosperous long run.

Hardly had the new musical gotten started before Benjamin Marks of Twentieth Century-Fox film studios made arrangements with Read Givens, personnel supervisor, for interviews and screen tests for six of the project actors.

The music that is being heard on all sides that comes from "Swing Parade" is the theme piece "Follow the Swing Parade," "Star Gazing," "Swing Time in Spring Time" and "Funny Little Penguins."

Reservations are reported pouring in from towns within a hundred miles of San Francisco in greater number than for any other play the San Francisco Federal Theaters have presented. Unfortunately, "Swing Parade," with its twenty scenes, is too massive to take on the road for showing in smaller communities.

MAY DAY IS HEALTH DAY

Children in May Day festivities, with all their gay laughter and frolicking, symbolize the very substance of health, and so it is fitting that May 1 should be America's Child Health Day.

Too infrequently do most of us, absorbed in the bustling affairs of the moment, pause to notice what is being done in the unspectacular but tremendously significant work of keeping children healthy. On May Day this year we can give it a thought, and help, in any way we can.

Did you know that in California during the past thirty years, according to latest Health Department figures, the yearly average of deaths from disease among children of grammar school age has been reduced from 53.5 per 100,000 to but 18.1? Most striking of all has been the decrease among infants less than a year old. Deaths in this group were cut from 103.2 in the 1906-09 period to fewer than 30 per 100,000 today.

Young lives are no longer so openly at the mercy of typhoid fever, malaria, smallpox, measles and scarlet fever. Child deaths from typhoid, for example, now number only 1.3 per 100,000 each year, while thirty years ago they were 14.5.

Of course there is still much to be done. Whooping cough, tuberculosis and diphtheria still claim many young victims. But it is good to know the dangers are decreasing; it is good to know that keen, well-trained minds are waging incessant warfare against disease; it is good to know California has become a land where children are healthy and safe.

CONSERVATIVE ORGAN SEES BRIGHT FUTURE

By J. W. MARCHBANK
 Pioneer in Frontier Mining Work

Business circles are not particularly perturbed by the United States Supreme Court decision on the Wagner Labor Act. In fact, from a broad point of view it must be said that the epoch making opinion should make it easier for the forces of capital and labor to adjust their differences.

Standard Statistics Company, in a study of the ruling, says that if labor and Congress make proper use of their newly won powers, a basis will be established for amiable employer-employee relations. The study's conclusions, in part, are:

"With labor now given unprecedented powers, the responsibilities of trades union leaders have been increased tremendously and the basis for harmonious relationships rests chiefly on the ability of labor to take on added responsibilities.

"The new interpretations placed by the Supreme Court on interstate and intrastate commerce obviously give much greater powers to the federal government. It is expected that legislation will be proposed at the present session of Congress incorporating some of the features of the National Industrial Relations Act, particularly as regards competitive practices, child labor and minimum wages in the large industries, such as steel, textile and automobiles, which apparently are subject to some control under the new conception of interstate commerce."

Simply because a judge was out of step at one time does not mean he

will never become social-minded. A few years ago the liberals in the United States Senate refused to vote for the confirmation of Circuit Judge J. J. Parker of North Carolina to the Supreme Court.

Recently Judge Parker said:

"We are experiencing one of the growing pains of our federal system. Not only has interstate commerce grown, but certain phases of production have become inextricably interwoven with interstate commerce, with the result that local governments are no longer able to exercise over them that control which the situation requires.

"It is clear that we must in some way give the general government a greater measure of control over these matters affecting the national welfare, either by revising our concept of the power possessed by the federal government under the commerce clause of the Constitution or by amendment under the Constitution to extend the power of the federal government to those phases of our life which have become of national significance."

All of which makes it appear Judge Parker would have been highly interpretative of acts of Congress along the line of fair play to the average man.

tion of the Supreme Court overlooks an incident in the regime of President Lincoln. The great leader in Civil War time could be outspoken on occasion, as, when appointing his secretary of the treasury, Salmon Chase, as chief justice of the Supreme Court, he said:

"We want a chief justice who will uphold all we have done with reference to the War Act, the Emancipation Act and the Legal Tender Act." President Theodore Roosevelt would not appoint Oliver Wendell Holmes to the court until assured by United States Senator H. C. Lodge that Judge Holmes "reflects our views" of interpretation of the Constitution.

NEW YORK TRAINERS TALK OF TANFORAN

By J. W. MARCHBANK

The next meeting at Tanforan does not begin until the middle of November, but it is not too early to put in a little thought in the way of looking over the prospects of the fall doings. Already communications are coming in regarding stabling accommodations, which is an indication of the sustained interest in my San Bruno course.

Novelty is the life of the racing game and, recognizing that truth, a special effort will be made to attract gallopers better known on the Atlantic seaboard than on this edge of the continent. The Metropolitan circuit closes Saturday, October 30, and plenty of time is accordingly provided for the shipment here.

Missionary work has been going along all winter and spring by friends of Tanforan in sending programs, stakes books and condition books to Eastern owners. Responses have come that plans for the latter part of the year include a visit to Tanforan. Folks out this way are thus promised the first opportunity of witnessing in competition runners they have often heard of but never seen.

In the old days owners did not hesitate to send out their best thoroughbreds for the stakes in the San Francisco sector after a summer on the "big apple." Once in a while such an astute horseman as Sam Hildreth would have three or four horses in one of the feature events on a local track.

Fans recall that last fall the San Francisco, Golden Gate, Yerba Buena, Half Moon, A. B. Spreckels, Lassie and other stakes were run at Tanforan. All of the well known events will be renewed next fall.

Although the first running of the Tanforan Futurity will not take place until the fall of next year some of the nominators to the two year old race are coming out this year in order to "get the lay of the land" before bringing out their baby performers. The Tanforan Futurity was instituted for the double purpose of drawing new owners to the track down the peninsula and to give an impetus to breeding. It is working out just that way.

New County Road Proposals Made

A revised farm-to-market road project for San Mateo County, calling for the reconstruction of another mile of La Honda road and erection of two new bridges, have the approval of state officials, County Engineer Marshall announced this week.

The projects, calling for a federal contribution of \$50,000, has gone to Sacramento for review. Final approval must be secured from the federal bureau of roads.

Marshall estimated the three jobs at \$86,000, as follows: Mile of La Honda road, \$35,033; reconstruction of Anderson Bridge across Pescadero Creek, \$26,200, and reconstruction of Hayward Bridge across the same creek, \$24,481. Both bridges are west of Memorial Park.

Originally it was planned to submit a project for reconstruction of ten bridges, but members of the Board of Supervisors felt that La Honda road was of primary importance. The county share of expense will be financed by the gas tax.

Federal Orchestra To Give Concert

The San Mateo and San Jose orchestras of the WPA Federal Music Project will give a concert at the Jefferson Union High School auditorium, Friday of next week. Admission is free and a cordial invitation to attend is extended to everyone in the community and their friends.

This concert has been made possible through the efforts of Mayor Paul G. Selmi and the Daly City council working in conjunction with Edgar A. Vinal, 167 Santa Barbara avenue, who is arranger and assistant conductor of the musical group. Thomas Stevens, director of the high school music department, has also assisted in making preparations for the WPA orchestra to come here.

Arthur Gunderson, San Mateo County supervisor for the Federal Music Project, will conduct the concert. The local presentation will come at a particularly appropriate time since the week of May 2 to 8 is National Music Week.

County Farmers Start Conservation

Seven hundred San Mateo County farmers have already signed work sheets as the first step toward co-operation in the 1937 Agricultural Conservation program for California, according to the chairman of the Agricultural Conservation program. Today—April 30—has been named as the deadline. All farmers who wish to participate in the 1937 program are urged to fill out work sheets and file them immediately with the county committee.

Assistance in filling out work sheets and in planning 1937 farming operations under the program may be obtained at the Agricultural Conservation office at Room 201, Post-

Fisherman Drowns Near Pedro Point

The treacherous rocks of Pedro Point claimed the life of another fisherman this week.

Fishing off the rocks with two companions, Monday afternoon of this week, Santos Ollero, 23 year old Filipino farm worker, was swept into the sea by a heavy comber and drowned.

His companions were nearly dragged from their perch. At the risk of their lives they attempted rescue, but Ollero had disappeared from sight as the giant waves lashed the rocks.

Ollero lived with other workers in the famous old Sanchez adobe in Pedro Valley, built in 1793 by the first Spanish explorers in this region. The only relative is a brother, Ordres Ollero of Nama, P. I. Ollero was a member of the Filipino Catholic Club, San Francisco.

Two Men Are Hurt In Auto Accident

Two men were treated, Monday evening of this week, at the Mission Emergency Hospital for minor cuts and bruises as an outcome of an auto accident on Bayshore highway near Brisbane.

They were Loidornine Laberique, 52, and Antone Laberique, 20, who were riding in a car operated by Heinrich E. Hoene. All are San Francisco residents.

Hoene told investigating officers that he was forced from the highway by a car operated by Meyer Gross, 52, San Francisco. In turn, Gross held the accident was unavoidable, explaining a third car had forced him into the Hoene vehicle.

Mills Blind Flyers Uninjured In Crash

Two aviators practicing blind flying escaped uninjured, Friday of last week, when their plane struck the ground at San Francisco Municipal Airport and was slightly damaged.

The aviators were Harvey Lemke and Amelio Sandy De Renzo, who did not notice that their landing gear was broken when they came down with the cockpit covered for blind flying.

Lemke was at the controls as they struck the ground. When the gear broke the plane skidded across the ground on the bottom of the fuselage.

Airport officials said examination showed the gear had been cracked for some time.

Bridge Systems Link Vast Metropolitan Area

Final link in the highway interconnecting the San Francisco metropolitan area, the Golden Gate Bridge will be open for travel May 1. Heavy line in the map above indicates the route followed by Al Dipman, San Francisco motorist, in a recent epochal circuit tour of the bay region communities. He had special permission to drive over the Gate span. Without leaving paved highway, and traveling at moderate speed, the driver made the trip in two hours and ten minutes, via the Redwood Highway, Black Point and Sears Point cutoffs to Vallejo, crossing the great Carquinez and thence through Richmond, Berkeley and Oakland to the massive San Francisco-Oakland Bridge.

PLAN MADE FOR BRIDGE OPENING TO CAR TRAVEL

Redwood Empire Committee To Handle Waldo Approach Dedication Ceremonies

Plans for the official dedication to traffic of the Golden Gate Bridge on May 28 are now being worked out by directors of the Golden Gate Bridge and Highway District in co-operation with the officials of the Golden Gate Bridge Fiesta.

Francis V. Keesling, a former director of the bridge district, is to be the orator of the day.

It is planned to have the ceremonies start on the Marin County side of the mighty bridge with the dedication of the Waldo approach. The Waldo approach dedication is in charge of a committee representing the Redwood Empire counties.

This committee has mapped an impressive program for the approach dedication in which bridge directors and city, state and federal officials will participate.

Keesling will speak at the ceremonies on the San Francisco end of the bridge at Crissy Field, where a crowd of 25,000 is expected to assemble. His speech will be broadcast to the nation through arrangements made with the three national radio broadcasting systems.

High Students Give Assembly Program

A delegation of Jefferson High students visited San Mateo High School, Friday of last week, and presented an assembly program. The San Mateo-Jefferson programs were the first of interscholastic programs on the peninsula.

Acts by Lee and Maroni and the Crawford sisters were well received. Lee and Maroni put on their famous "Phoneytone News." The Crawford sisters sang "Sweet Leiland" and "A Little Red Barn in Indiana."

Others on the program were Gardner Girdler, Beverly Robischung, Vernazza brothers, Al Marcucci, Jean Palmer, Jane Reiman and Flora Reagan.

Bob Lee was master of ceremonies. William Hoppe, dramatic coach, accompanied the group.

This program was reciprocation on the part of Jefferson, for a program presented here, Thursday of last week, by students of the San Mateo High School.

Queens To Be Given High Honors Here

Although the queen contest of Daly City, sponsored in connection with the Daly City Golden Gate Bridge Fiesta celebration, is under way, any girl of the community still has an excellent chance to enter and carry off the coveted gold crown.

Young ladies of this locality, 15 years of age or older who are interested in this contest, are urged to see the secretary at once at the Daly City Fiesta office, 11 Hillcrest, or to contact Albert Boynton of the Daly City Record, phone Randolph 3215.

All queen entrees will have a good time in this contest. "Fun for All" is the slogan of the local fiesta office. The young ladies will share honors in festive Daly City during the fiesta week, which is May 27 to June 2.

The winner of the queen contest is determined by the largest number of votes, and she will be presented with a gold crown with her name engraved on it at the gigantic Daly City midnight show on June 1. In addition to being so gloriously honored in her home town she will be given, absolutely free, a trip to Los Angeles and to Hollywood—the movie mecca—where she will be toured through the major studios. One of the finest Hollywood hotels will be her home for an entire week. She may also enjoy a thrilling trip to beautiful Catalina Island.

Full details of how votes are procured are set forth in the story on column one about the present queen entrees.

County Will Pay New Fiesta Head

An increase of \$3300 in the next San Mateo County salary budget was seen this week due to the fact that the salary of the new floral fiesta manager must be paid out of county funds.

State moneys from the pari mutuel fund can be used only for capital outlay and premiums, according to the district attorney.

An ordinance creating the office of fiesta manager is scheduled to be adopted at the next supervisor meeting.

Health Officer Asks No Budget Change

"When the facts behind the increase in the Community Hospital budget are analyzed by the Board of Supervisors," said Dr. Charles C. Gans, director of the county health department, "I believe the budget will be passed with but few changes. In the face of a constantly rising commodity market the patient day cost of the hospital decreased from \$3.93 in 1935-36 to approximately \$3.50 in 1936-37. This figure of \$3.50 cannot be determined exactly until the present budget year comes to a close.

"I believe, were it not for this increase in commodity prices, the patient day cost of the Community Hospital would have continued to decline. However, when we are forced to maintain an institution whose purchasing power is constantly being diminished by a rising commodity index, it is reasonable to expect an increase in expenditures.

"For example, the Associated Press reports show that the price index of thirty-five commodities rose from a low of 71.31 in 1936 to a high of 98.14 at the present time. These figures are shown as compared to the 1926 dollar which, for the purpose of comparison, is shown as 100."

High Instructors Address P. T. A.

Instructors of departmental work at Jefferson Union High School gave five minute talks before the P. T. A. meeting, held Wednesday of last week. Class and laboratory work conducted in the school was explained in considerable detail.

The P. T. A. unit voted to give President Stella Jensen a president ring in recognition of the work she carried on during the past year.

An educational tour of the Safeway Stores is planned for June 12.

Instead of giving a banquet for the high school seniors, the P. T. A. voted to furnish music for the junior-senior banquet which is to be held in the near future.

The next executive board meeting will be held at the home of Mrs. Nora Barker on San Diego avenue, Wednesday of next week.

the corps. The boiled down version is now composed of just three stanzas which begin appropriately enough the assurance that Marines will be found guarding the streets of heaven.

CORPS INSPIRATION

The unknown author of the first verse little thought that his words would be an inspiration to Marines of succeeding generations who were to fight in the Civil, Spanish-American and other wars, or that some day it would echo on the battlefields of France.

While the Fourth Brigade of Marines was serving overseas, the Stars and Stripes, official publication of the A. E. F., related the story of a wounded French cavalry officer who was carried to a Yankee field hospital. He could not identify the troops which had fought at the left of his regiment.

"A lot of them are mounted troops by this time," he explained, "for when our men would be shot from their horses, these youngsters would give one running leap and gallop ahead as cavalry. I believe they are your soldiers from Montezuma. At least when they advanced this morning they were all singing 'From the Halls of Montezuma to the Shores of Tripoli.'"

FIRST THROUGH GATE

One hundred and sixty-two years span the gap from the day of August 5, 1775, when Lieut. Juan Manuel Ayala was the first to sail through the Golden Gate, and the Fiesta on May 27 to June 2, that will commemorate at San Francisco the completion of the longest single span in the world.

NOTES ON OUR ELEMENTARY SCHOOLS

Many parents and friends were welcomed by teacher and student hosts and hostesses Tuesday evening when Woodrow Wilson Elementary School held open house in observance of Public Schools Week.

Several outstanding features attracted the attention of visitors. Students displayed marionettes which they had made in connection with their art, language and reading studies. Tooled leather, carved wood blocks, woven baskets and mats which are products of the arts and crafts course as well as the sewing display received favorable comment.

Medieval castles, an early Indian village, the ruins of the Colosseum, the Appian Gateway in Rome, replicas of Sutter's Mill, a typical Southern cotton plantation and an intricate map of the world showing the clothing centers were outstanding and instructive features of the exhibit.

Attractive book reports, reading charts and illustrative drawings of the human body were displayed and several original ideas were used to depict mathematical data and figures. Many persons expressed the opinion that school children today are "learning by living."

On Thursday afternoon scores of parents visited Woodrow Wilson Elementary School and became better acquainted with modern classroom procedure and methods. The glee clubs, under the direction of Miss Mosconi, entertained with several numbers. Refreshments were served by the cooking class, whose instructor is Mrs. Hewner.

Guests visited the well equipped arts and crafts room to see pupils at work tooling leather, weaving and block printing under the instruction of Mrs. Carral.

Death claimed Joseph Golf, 23, of Partridge avenue, Monday of this week. The youth passed away in the Community Hospital following a long illness. His only surviving relative is an aunt.

TWO IMPORTANT ISSUES COMING BEFORE SESSION

Daly City Merchants Assn. Will Consider Sunday Closing And Fiesta

Two issues of major importance are scheduled for discussion at a meeting of the Daly City Merchants Association to be held, Wednesday evening of next week, in Little Italy Hall.

At the April meeting of the business men President Ernest Milo was instructed by motion to appoint a committee to make a survey of Daly City merchants to ascertain their attitude toward the closing of grocery, dry goods, hardware and other stores whose major business is not carried on Sundays. The committee—A. Milo, W. E. Pitschke and Albert H. Boynton—will make their report next week. It is expected that the association will take progressive steps toward definite action in the matter.

Detailed plans will be made for local participation in the Golden Gate Bridge Fiesta celebration. Decorations, costumes, a theater party, street dancing, a queen contest, local trading event and the current civic improvement projects will all be tied into one gala program.

REFRESHMENTS

Refreshments will be served following the meeting. Al Harrison and Bob Jones, members of the entertainment committee, announce that guest speakers will be present and motion pictures have been procured as entertainment features.

Flags Over California

Seven flags have flown over California—Spanish, English, Russian, Buenos Aires, Mexican, Bear and the Stars and Stripes.

To this historic background are keyed the pageants that will be part of the Golden Gate Bridge Fiesta, May 27 to June 2, celebrating completion of the longest single span in the world.

Old Glory Auxiliary Hosts Visitor Staff

Inspection time for auxiliaries came recently and Old Glory Auxiliary was hostess to Department Staff Officer Esther Kruetzberg and three visitors, Friday of last week. The visiting officer commended local members for their contribution to the Madame Schuman Heink Memorial to be erected in San Diego.

Answering a request from Tanager Auxiliary No. 2517 of San Bruno, Old Glory sent a floor team to assist President Emely Willefred, Thursday of last week, when the department staff officer made her official visit to that auxiliary. Members who went to San Bruno were V. Dillon, G. Linser, N. Jensen, M. Hazelhurst and B. Allen.

Four units of Old Glory are attending regular rehearsals each Monday evening of the seventh episode of the Golden Gate Bridge Pageant, in which they are taking part. A stage for the pageant is to be set in the Presidio with the bridge as a background. Presentations of the pageant are to be made on May 27, 28 and 31 in connection with the fiesta.

ATTENDED DINNER

Mr. and Mrs. Fred Collins, Mr. and Mrs. J. W. Allen, Mrs. M. V. Jensen, Mrs. H. Irwin and Mrs. P. Hazlehurst motored to Princeton, Saturday of last week, to attend a dinner dance given by Matalon Post No. 2068, San Mateo, in honor of the sixth birthday of the post.
